

Customization Options

In-house labels

We've found a label that we can print in-house for our tiny jars (1.5 oz), so we can easily incorporate your name, website, or wedding date into our usual design. We'll work with you to put together the perfect label at no extra cost per jar. We charge \$50 for the initial design, and \$25 for additional flavors of the same design.

Pressed labels

We press-print our standard jar (6 oz) labels, and in Spring 2010 we're switching to the same process for our tiny jar labels, so this option is now available for both size jars. You can enjoy a luxurious freshly-pressed custom label, designed and specially printed for your wedding or other very special event. We charge \$75 for the initial design and \$40 for additional flavors of the same design. Price per jar varies depending on the quantity ordered. For example, orders of about 300 would cost around \$1.25/jar.

Tie-ons

This is where it really gets fun! We'll put together anything from a one-sided black and white square to a multi-page color booklet, and tie it on to each jar with your choice of ribbon. We charge \$20 for design per page, plus the booklet cost per jar.

The details

If you're interested in any of these options, please contact us and let us know what you have in mind! Each project is fun for us and individualized to you and your event. We'll work with you to develop a price quote for your ideal package and budget. Pricing is affected by use of color, type of ribbon, size of booklets, type of paper used, shipping costs, and other such variables. Once we figure out your customization package, leave it in our hands and your order will arrive right when you need it. You already have plenty to think about!
